## SELECTMEN'S FOREWORD

As the Town of Marlborough embarks upon the third century of its history since its incorporation in 1776, the Selectmen wish, through this foreword to the annual Town Report, to present to its citizens a review of those pressing issues which confront us. By presenting to the townspeople the actions which we feel must be taken, we are hopeful that solutions may be offered to the problems which Marlborough faces.

Ever since our community was first incorporated, it has been a traditional procedure to elect citizens to town offices at the annual Town Meeting, most of them for a term of one year. During the past few years the Selectmen have witnessed and experienced a tremendous increase in the amount of time necessary to properly conduct the important business of the Town, especially the correspondence, paperwork and bookkeeping that have resulted from far-reaching federal and state programs as well as community projects. The Selectmen have reached a point in time where they can no longer function as an effective Board without a certain amount of secretarial assistance. Therefore, the Selectmen have placed an article in the Warrant, Article No. 3, that will, when passed, combine the offices of Town Clerk and Tax Collector and change the term of office from one year to three years. Passage of this article will accomplish the following: 1, Allow the citizens of the Town the privilege of electing their Town Clerk and Tax Collector; 2, give a certain amount of job protection to that particular office-holder; 3, bring increased and more efficient service to the citizens of Marlborough; and 4, make it possible for the elected Town Clerk and Tax Collector to serve as an administrative assistant to the Board of Selectmen and a part-time secretary. The Selectmen feel this is a vital issue and trust the community will support us in solving this grave problem.

At the Town Meeting of March 2, 1976, the citizens of the Town voted to have two new offices constructed in the Municipal Building. One of these offices was to be designated as the Town Clerk-Tax Collector's Office, and the other was for additional office space for the Selectmen. Thanks to many dedicated citizens of the community, the two offices were built and have functioned beautifully throughout the year. However, one glaring problem still exists, and that is the difficulty our senior citizens encounter in climbing a very severe flight of stairs to reach the services of the Town Clerk-Tax Collector and the Selectmen. It is the opinion of the Board that this situation borders upon discrimination toward our senior citizens, whose tax dollars built the Municipal Building in the first instance. We have, therefore, inserted an article in the warrant which will, when passed, authorize the installation of a safe, efficient stair lift which will permit our senior citizens, as well as the physically handicapped, to utilize the services of the Municipal Offices without climbing a single step.

During the past year two important projects have been almost completed. The tax map is complete with the exception of the finalization of the card filing system. The re-appraisal of the taxable property in the Town has been completed with the exception of some "pickups" that must be done on or around April 1. To date, the Selectmen are very satisfied with these two projects and are certain they will enable us to do a more professional job in the area of property assessments. The estimated cost of the property appraisal was set at \$20,000, which amount was voted at a Special Town Meeting on September 21, 1976. Thanks to the absolutely efficient and professional work of the appraisers from the Department of Revenue Administration, the total expenditure for this work will probably be somewhere in

the vicinity of \$16,500, a saving of \$3,500 to the Town. The Selectmen, through the authority granted to them as the Special Town Meeting, have negotiated four notes, three in the amount of \$5,000 each and one in the amount of \$1,000, thereby saving the Town a great deal of interest cost.

Another serious matter that has continued to trouble the Board of Selectmen is the Town's great quantity of very important maps, many of which are extremely large in size and all of which are very valuable. At present they are lying around the Selectmen's Office, getting "dog-eared" and dirty and without any semblance of a proper filing system available. Also, the Selectmen, the Town Clerk-Tax Collector, the Planning Board, the Board of Adjustment, the Nursing Association, and other committees, are desperately in need of a photo-copy machine that will save both time and expense. Considering these two problems, the Selectmen have inserted an article in the warrant which, if voted, will authorize the purchase of a ten-drawer steel file to house our very valuable collection of maps and the purchase of a good photocopy machine. We feel these two pieces of equipment for the Municipal Offices are an absolute necessity, and we trust the voters of the Town will share our concern and support us through passage of this article.

Another article which is intended to upgrade the utilization of the Municipal Building is Article No. 22. Approval of this article will allow the Selectmen to have smoke detectors installed in the Municipal Building at a very low cost — to be exact, at only the cost of installation — as we have been given an opportunity to acquire the smoke detector heads at no cost, being asked to finance only the installation. The total cost to the Town is so small that the Board feels this is a worthwhile project which will virtually eliminate the danger of destruction by fire of the highly valuable and irreplaceable records in the Town Clerk's and Selectmen's Offices.

The maintenance of our public buildings has always been an important matter, and in this regard the Board wishes to bring to the attention of the Town the need of having the upstairs of the Municipal Building repainted. General upkeep and preventive maintenance have always proven to be less costly in the long run, and the walls, ceiling and stairways in the upstairs portion of the building are badly in need of fresh paint and varnish. We hope the voters will share our enthusiasm for passage of this article.

At the March 1976 Town Meeting, the citizens of the Town took the first important step toward the elimination of pollution of Minnewawa Brook and its tributaries, by voting the expenditure of \$41,925 for the completion of final engineering studies of a sewage disposal system. A look at the balance sheet will show that, to date, the Selectmen have not negotiated any notes or bonds but undoubtedly will have to do so during 1977. This project is progressing well, and the Town has received approval from the Federal Government covering its share of the cost of the final engineering plans.

At the annual Town Meeting in 1976, the Selectmen briefed the citizens of the Town on the impending situation relative to our open burning dump and proposed sanitary landfill. The Selectmen have engaged the services of E. C. Jordan Company for the purpose of presenting to us some preliminary evaluations and cost studies of this very serious problem. We have received this preliminary report and are highly distressed with the prospects of what this community faces, from a financial standpoint, if the will of the Environmental Protection Agency is adhered to. Federal law requires that all cities and town in the continental United States must cease the utilization of open burning dumps by Sept. 1, 1977. Further, this law

requires that all such present dumps be covered and that they be made rodent and vermin free. Preliminary estimates of costs to be incurred in closing, grading and covering our existing dump, and setting in motion a sanitary landfill, are indeed discouraging; and the Board will appear before the New Hampshire Legislature's Committee hearings to voice our displeasure with the EPA's absolute disregard for the financial survival of America's small towns. We urge the citizens of Marlborough to join us in writing to our Congressman and Senators, voicing distaste for this brutal and poorly thought-out legislation, in hopes that they will have enough good sense to distinguish between huge cities, which are the real polluters of our earth, and pretty little towns such as Marlborough who do little more than send a few wisps of smoke into the atmosphere once a week.

During the past year the Town celebrated its 200th Birthday with a series of balls, parades, plays, suppers, youth activities, tours, official ceremonies, church services, and an unforgettable pageant. No one who witnessed the entire assembly standing in the dimly-lit auditorium, singing together "God Bless America" at the close of the pageant, will ever forget that historic moment when the citizens and friends of Marlborough displayed their love for God, fellow man and country. The entire community is indebted to Patricia C. Robinson for writing, producing and directing this spectacular and touching experience, and to Joan B. Nye who costumed sixty townspeople for the presentation. The good will and community spirit fostered that evening should be manifested during an Old Home Day, the first to be held in Town for many years, which the Selectmen and others trust the citizens will support during 1977. We are also grateful to a very fine Bicentennial Committee chaired by Elmer Grover, Jr., whose general supervision of the entire Bicentennial spanned more than four years.

Special thanks, also, to Charles Ingalls for his many contributions to the success of this celebration.

The Board wishes to acknowledge the fine contribution made to our community during the past year by the Marlborough Fire Department through the construction of the two offices in the Municipal Building, thereby saving the Town thousands of dollars. We wish to express our gratitude to Edward LaBrie for the fine effort he made in supervising and constructing these offices and to all the individual members of the Fire Department who, in any way, contributed to this project's completion. We wish, also, to acknowledge the fine work of Robert Giguere in restoring and repainting the old office desks and files for use in the Town Offices, again saving us many hundreds of dollars.

The Selectmen wish to make note of the fine contribution made to our entire community throughout the year by our distinguished and dedicated Police Department, particularly for the professional manner in which they handled the Bicentennial detail. When one has the opportunity to understand and personally work with a highly efficient Police Department such as the Town of Marlborough has, one has little wonder why we enjoy the lowest crime rate in Cheshire County.

And, finally, in closing this foreword, we wish to thank every citizen, every department head, every committee chairperson, every employee, and all the elected office holders in Marlborough, for the magnificent contribution each has made during the past year. It is a privilege and a high honor to work with you as your Selectmen.

## POLICE CHIEF'S REPORT

In reviewing the past year's activity, the entire Department wishes to thank the citizens of the Town for their continuing support and cooperation in assisting the Police Department in the everyday tasks of maintaining Marlborough as a safe place to live and work. We are particularly grateful for the confidence placed in us by the citizens of the Town wherein they authorized the purchase of a new cruiser, which is working out very well.

We are particularly pleased with the overall conduct of the citizens and visitors to Marlborough during the Bicentennial. The department was called on to handle only two minor disturbing-the-peace complaints and considering the large influx of people in the community during the week, this is an extremely enviable record.

At present, the crime rate in Marlborough appears to be one of the very lowest in the entire County. As Chief, I credit the citizens of the community for their awareness of possible crime and their willingness to call the department when they observe something that does not appear to be a normal situation. I wish to thank also all the members of the department for their unselfish service to the community and their loyal and positive support. Keeping our community relatively crime free requires the cooperation and the continued support of all citizens as well as an appreciation of the kind of work our department is capable of producing.

In closing, we would again like to remind our citizens of the proper action to take if you need a police officer. — PHONE 352-1100.

Respectfully,  
Romeo R. Bleau, Jr., Chief

During the year 1976 the Marlborough Fire Department answered thirty-one alarms which consisted of four general alarms, fourteen still alarms, six brush fires and seven Mutual Aid responses which included three to Dublin, two to Harrisville and one each to Keene and Troy. We received Mutual Aid assistance on one general alarm.

We had eight members attend the Meadowood Training School sponsored by the State of New Hampshire to develop themselves as trained, competent fire fighters. The courses taken were as follows; pump training, ventilation, officers courses and fire fighting. During the Bicentennial Celebration the Marlborough Fire Company helped the Bicentennial Committee by staging the most spectacular controlled bonfire in the history of Marlborough, helped in planning the street dance and built a float for the parade. Again, this year, as we have in the past, the Marlborough Fire Company sponsored a Halloween party for the children of the Town with movies, cider and doughnuts. The party was proceeded by a parade for the children in costume and prizes were awarded for the best costumes. During Fire Prevention Week some of the members brought a pumper to the Elementary School and explained the different pieces of equipment on the truck. The Fire Department sponsored a fire prevention poster contest during Fire Prevention Week for all members of the Elementary School and prizes were awarded to the best poster in each grade.

We would like to report at this time that we have been experiencing trouble for three years with the 1949 Dodge Pumper. We have had trouble obtaining repair parts for this pumper because of the age of this piece of equipment. Most automotive parts suppliers do not carry repair parts for a vehicle of this vintage. During this time the truck has been out of service for a period of approximately one month each year which has resulted in inadequate coverage for the Town during these periods of breakdown. The Fire-wards have discussed the problems relative to the 1949 pumper and feel this vehicle will have to be replaced in the very near future to bring the coverage for the Town back up to recommended standards.

We wish to thank the Selectmen, Townspeople, local and State Police, the Fireman's Ladies Auxiliary and members of the Fire Company for their fine cooperation during the past year.

Nineteen seventy-six was a banner year for our library. The library was a focal point for much of the bicentennial program. The many historical exhibits arranged by members of the Historical Society for the week were enjoyed by hundreds of people.

The art of area artists arranged by Mrs. Alice Knight during the months of May through November, which is now an annual program has proven to be of interest to many, I am pleased that our library is taking an active part in helping to promote the artists in the area.

I would like to take this opportunity to thank former members of the staff Georgie Ware and Joan Ames, also Gracia Berry, my present assistant for dependable service, cooperation and willingness to go beyond the call of duty to help people. These qualities keep library services alive and sensitive to human needs. I'm proud to have had them as co-workers.

Space doesn't permit me to list those who have given books to our library but their names are listed in our ledger. Records indicate that 131 gift titles have been processed and put on the shelves. Those we don't use are sold at the annual used book sale in July. \$180.55 was realized from the sale this year. The librarian has used this revenue in the past to purchase books and equipment that the regular budget could not allow for. This year's money was put into the film fund. We are indeed most grateful for these gifts and the many memorial books and monies received this year.

More than fifteen educational displays were arranged in the library to promote understanding and appreciation for humanity. I wish to thank patrons who shared articles from their own collection to make the exhibits more meaningful.

The highlight of the year was the Premiere of our film MARLBOROUGH: AMERICA. The fifteen successive showings proved equally exciting. It has had an attendance of more than seven hundred. I'm happy to have been in a position to encourage an artist who summers in our community to continue in his work. My position to Norman Sieder, the filmmaker, was associate producer. I was responsible for securing the funds, researching facts and making contacts with people in the community to help tell the story. Well over one hundred and fifty people were contacted, filmed or interviewed, all of whom were most cooperative. Editing the film was a difficult task. It took Norman over 3000 hours, which, was given time, as the budget was for materials and processing only. MARLBOROUGH: AMERICA was designed to be used as a working tool, for Planning Board, Recreation Commission, interested parent groups, local agencies or other organizations willing to

take the time to listen to the messages of the people and thus promote plans that will better serve the needs of the people in our community. Students of history, humanities and economics will find it a valuable tool also.

J. B. Watson, Jr., Assistant Director . . . Dartmouth College Office of Instructional Services and Educational Research wrote us after viewing the film:

“Let me emphasize that you and the town of Marlborough are to be congratulated for taking the initiative to make this unique contribution to the bicentennial celebration. Other communities will be most envious, I am sure.”

As librarian on behalf of the many who viewed MARLBOROUGH: AMERICA I would like to congratulate Norman Seider for an outstanding film and a historical document that we may pass on to future generations.

## MARLBOROUGH COMMUNITY NURSING ASSOCIATION REPORT FOR 1976

This has been a year of transition for the Association. A departure from that which has served well but become obsolescent, struggling into the birth of a new century. All members have donned white gowns to participate in bringing forth a viable **Marlborough Community Nursing Association**; thereby synchronizing with the pulse of a more socialized medical state and nation. The ensuing year will, hopefully, bear a direct proportion in services to the Townspeople resultant with the multichanges of new growth and maturity, and eurythmy. **Margaret Ford**, RN, our Staff Nurse, has office hours five (5) days a week, making it easier to reach her. **Mrs. Lillian Clark**, who has faithfully handled the telephone service for the Association, for more years than she wished to remember, can contact Mrs. Ford. We suggest you copy and post the following information near your phone:

**Nurse's Hours** Monday through Friday 8:00 AM to 4:00 PM

**Office Hours** Monday through Friday 8:30 to 9:30 in the Morning

1:00 to 2:00 in the afternoon

Office Phone: 876-4011

Home Phone: 876-3864

Mrs. Clark: 876-3340

Our Association is fortunate to have on Staff, **Dawn Vergamani**, a registered Physical Therapist, who is available upon a doctor's request to our Association nurse or the office.

Rowene Bottomley, RN organized and conducted, with the aid of persons from Fitzwilliam, Troy, Harrisville and Marlborough, a highly successful Flu Clinic, at which 450 monovalent and 300 bivalent shots were given. A special thanks to Roger Packard and the Marl-Harris Squad, the Ladies Auxiliary of the Marlborough Fire Department, the Area Nurses, Officer Ernest Thoin, Dr. George Hamm and Dr.

James Ballou, Jr., and the N. H. immunization team, also David Cheney, our Town Health Officer.

The Association sponsored several children's immunization clinics, which Mrs. Ford arranged and conducted through the schools. Several teachers availed themselves of the opportunity offered by these clinics. Mrs. Ford assisted in the transition from our services to the schools and the new school nurse, aiding in examinations this past Fall.

A Bicentennial Parade, a nursing through the years theme, Barbara Clark's enthusiasm, Kenneth Clark's truck, happy worker-elves from the Association and it was a funtime for all to be a part of the Best Parade in N. H. in 1976!

47 Families served during 1976

380 Visits by Staff Nurses

25 Visits by the Home Health Aide

20 Visits by the Physical Therapist

## **MARL-HARRIS FIRST AID AND EMERGENCY SQUAD INC. 1976 SERVICE REPORT**

During the period Jan. 1, 1976 through Dec. 31, 1976, your ambulance responded to 128 calls. Of these 57 were emergency calls, 60 were non-emergency, 3 standbys at fires or parades, 1 backup trip for the DiLuzio service, 1 disaster drill, 3 trips to the Peterborough hospital, 2 trips to Hanover, 1 trip to Cambridge, Mass.

Your ambulance service made its first call July 14, 1970, and had 17 calls through Dec. 1970, 1971 had 43 calls, 1972 had 52 calls, 1973 had 68 calls, 1974 had 110 calls, 1975 had 114 calls, plus the 128 calls this past year making a total of 532 calls.

Each year brings more calls, more miles, more equipment to replace, plus new equipment to help us give you better service. The members of the squad, through retraining programs, seminars, new courses and training aids keep themselves abreast of the new methods so they may serve you quickly and efficiently.

In February, Fred Hueglin will finish teaching 16 first aid students the new red cross 51 hour advanced first aid course. The high school students are to be commended for their interest, the quality of their work makes us very proud of them, and we are certain that their parents share this pride with us. Without these young men and women your ambulance service could not operate during the week days. Some of these young people have continued in the medical field at hospitals and in the armed services, and we know they are doing fine. We hope that in the near future, the adults of our two towns will take the first aid courses, not only to help us operate the ambulance service, but to personally share our pride in it.

We are again proud to announce, that through your generous response to our appeal letter, donations when you use the ambulance, memorial funds, in lieu of flowers, in supporting the organizations that operate benefit plays, suppers, raffles and the many other ways and means used to financially support your service, we have not used tax money.

In conclusion, I am sure the squad members will join me in giving Shirley Croteau a salute of well deserved praise and recognition. Shirley has been our strong girl during the day time hours, and she is recognized by the people in both towns as a skilled driver and E.M.T.A. You are giving us excellent service Shirley, we all appreciate it.

This report is respectfully submitted on behalf of the officers, directors and squad members of the Marl-Harris first aid squad.

Omer M. Dumont, Permanent Director

## BICENTENNIAL COMMITTEE REPORT

Marlborough's Bicentennial celebration is now history. The long tedious planning, preparation and organization of the many events during the week went beautifully, which speaks highly of the many committee members and chairpersons who were responsible for their success. The thousands of people who turned out for the different events through the year, the townspeople working together to make everything a complete success, and the happiness and good times enjoyed by so many, certainly rewarded this committee with more than it ever expected, making four years of work really worthwhile.

When we started in 1972, we never imagined that the celebration would attract so many people, and we never dreamed it would go so smoothly. We think the Town of Marlborough does not have to take a back seat to anyone as far as our celebration went; we think we had one of the finest in the state.

There are so many people to thank that we have decided to send personal letters to all of those concerned, thanking them for making the celebration a huge success. There are some whom we have to thank as a group, and therefore we feel they should be mentioned here.

First we wish to thank our committees and chairpersons -- without them and their untiring efforts, the celebration would not have been a success; the Marlborough Fire Department who did so many things to help us; the Fireman's Auxiliary for their contributions; the Marlborough Police Department and the State Police for their fine traffic control; the Minnewawa 4-H Club; the Boy Scouts of Troop 14; the Marl-Harris Ambulance Squad; the Ladies Circle; the Marlborough Girl Scouts; the Croteau-Coutts American Legion Post; the Sacred Heart Church, the Federated Church; the many organizations and individuals who participated in or had a float in the parade; the Marlborough Highway Department; the Marlborough Selectmen; the C. B. Radio Club on the day of the parade; the New Hampshire State National Guard; and the Senior Class of 1976. Also, we should thank the two people responsible for "Marlborough: America" - Corinne Nash and Norman Seider; this is a lasting tribute to our Bicentennial. Now we would like to thank all the people of the Town of Marlborough, for, without your support and help in so many ways, our celebration would not have been a success.

When the Time Capsule is opened in fifty years, many of you will be here to remember and reminisce about our 200th Birthday. We hope at that time the people in the Town of Marlborough will remember the week of July 4, 1976, not only for its celebration, but for the unity and cooperation of so many people to make Marlborough a town in which we are proud to live.

## BOARD OF ADJUSTMENT REPORT

The Board of Adjustment held public hearings on five applications during the year. Our meetings have been well attended and we are pleased that people are interested. We feel that everyone should be acquainted with our ordinances and their interest is a healthy sign. Board members will discuss questions with anyone and everyone is welcome to all our meetings.

## TOWN AUDITOR'S REPORT

This is to certify that I have examined the Books and Records of the Selectmen, Town Treasurer, Town Clerk, Tax Collector, Collector of Water Rents, Road Agent, Trustees of Trust Funds, Library, Recreation Commission, Cemetery Committee and the Marlborough Water Works for the year ended December 31, 1976 for the Town of Marlborough, N. H. and found them correct and properly vouched, to the best of my knowledge and belief.

Rachel Ohman,  
Town Auditor

## MARLBOROUGH PLANNING BOARD

As a result of public hearings held in early 1976, the Planning Board asked for several changes to the Zoning Ordinances at the 1976 Town Meeting. Among the changes passed by the voters at Town Meeting were electrical and plumbing codes, site plan review, and a change of zone on Route 12 from residential to commercial.

During the year, the Planning Board held public hearings concerning eight subdivision requests, and it made one site plan review. All of these subdivision requests were approved and the site plan request granted.

In October the Planning Board held the first of two hearings for proposed zoning changes which appear on the ballot for the March 1977 Town Meeting. The proposed changes are as follows:

1. To add five alternate members to the Board of Adjustment, so that when a regular member is absent an alternate may take his or her place.
2. To rezone the area south of Main Street, Route 101, from the Keene/Marlborough town line to Cottage Street, from commercial to residential.
3. To rezone the land presently occupied by the business of Charles Beauregard & Sons, Inc., and Artco Woven Label, Inc., from residential to commercial.
4. To rezone two lots on the west side of Knowlton Street, being the former Wiswall and Dickinson properties, from residential to commercial.
5. To amend the present electrical and plumbing codes.

The Planning Board strongly urges the townspeople to consider the future when voting on all of these amendments.

Concerning Amendment 2, we are facing a probable bypass to the Town of Marlborough in the next ten to fifteen years. The Board feels that further commercial development in this area would conflict with our original Master Plan and the proposed bypass of the future.

Regarding Amendment 3, the Planning Board proposes this change after lengthy study. It is our premise to allow these two businesses, both long-standing members of the community, to have some flexibility in competing in today's market, which they cannot be expected to do without opportunity for expansion or growth. However, by limiting the rezoning to only the properties presently used by the businesses, it is the Board's intention that they do not encroach on their neighbors.

This year Planning Board members met more frequently and put in more hours on Board matters than they have in past years. Richard Kinzel, a long-time member, resigned from the Board occasioned by a move out of town; Edward Goodrich, Jr. was appointed and, with his surveying expertise, is a valuable member.

The Planning Board meets at the Municipal Building on the first Wednesday of each month, and, depending on the work load, on the third Wednesday of the month as well. The Board also holds office hours at the Municipal Building on Monday nights from 7:30 to 8:30 P.M.

## SCHOOL WARRANT

To the inhabitants of the school district in the Town of Marlborough qualified to vote in District affairs:

You are hereby notified to meet at the High School in said District on the 14 day of March, 1977, at 3:00 o'clock in the afternoon to bring in your votes for the election of school district officers. The polls will open not later than 3:00 p.m. nor close earlier than 9:00 p.m.

**ARTICLE 1.** To choose all necessary school district officers:

A moderator for the ensuing year.

A clerk for the ensuing year.

A member of the school board for the ensuing three years.

A treasurer from July 1, 1977, for the ensuing year.

An auditor for the ensuing year.

You are hereby further notified to meet at the High School in said District on March 14, 1977, at 7:30 p.m., to act upon the following subjects:

**ARTICLE 2.** To hear the reports of agents, auditors, committees, or officers chosen and to pass any vote relating thereto.

**ARTICLE 3.** To choose agents, auditors, and committees in relation to any subject embraced in this warrant.

**ARTICLE 4.** To see if the District will vote to authorize the school board to make application for, and to accept and use in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state or private agency.

**ARTICLE 5.** To see if the District will vote to accept the provisions of Public Law 89-329, Title V, as amended, and to appropriate such funds as may be made available to the District under said federal act for such particular projects as may be authorized by the school board. Further, to see if the District will authorize the school board to accept such funds and to expend the same for such projects as may be designated.

**ARTICLE 6.** To see what sum of money the District will vote to raise and appropriate for the support of schools, for the salaries of school district officers and agents, and for payment of statutory obligations of the District.

**ARTICLE 7.** To see what sum of money the District will vote to raise and appropriate for the implementation of an art program, and to make related curriculum changes or act in any manner relating thereto.

**ARTICLE 8.** To see if the District will express its opinion and direction to the school board relative to the proposed policy governing senior class trips or act in any manner relating thereto.

**ARTICLE 9. (By Petition)** To see what sum of money the District will vote to raise and appropriate for the support of a public kindergarten in the District.

**ARTICLE 10.** To transact any other business which may legally come before this meeting.

Given under our hands at said Marlborough this 14th day of February, 1977.

## ADMINISTRATIVE REPORT

The school boards of Supervisory Union 29 have completed a comprehensive analysis of the services and functions to be delivered by the administrative personnel in Supervisory Union 29. Following the resignation of the superintendent of schools and the business manager, it was decided to conduct this study.

The reorganization that resulted from this study insures that all functions of the supervisory union are accountable to appropriate school administrators.

Under this reorganization the Superintendent of Schools is responsible for policy development and administrative procedures, school board services, community information, program evaluation and facilities.

An Assistant Superintendent has been designated as responsible for the educational services and programs in the towns. There is also an Assistant Superintendent responsible for the educational services and programs in Keene. It is felt that this type of organization clearly identifies responsibility so that when problems or concerns do arise that it is understood who is to be contacted.

In order to meet federal and state statutes relative to handicapped children, a position of Education Consultant for Special Services has been established. All children are now guaranteed an equal opportunity to pursue to the very best of their ability, programs and studies which will enable them to improve their quality of life and become a productive member of society.

The position of Manager of Personnel Services has been created. Over 600 people are now employed by Supervisory Union 29. This position will be responsible for the development of personnel policies, negotiations, inservice training, recruitment, contract administration, staff development, teacher certification, fringe benefits, and maintenance of personnel records.

The position of Business Manager has been redefined. This person will be responsible for payrolls, accounting, budget accounting, purchasing, central storage, budget planning, transportation, new building projects, and legal services.

Since the last annual school district meeting the Cheshire Vocational Center was completed and opened in September with an enrollment of 900 students. Approximately 300 of these students are from the school districts of Fall Mountain, Monadnock Regional, Hinsdale, Winchester, and Marlborough. The remainder of the enrollment is from students at Keene High School. We are proud of this facility and are certain that the Cheshire Vocational Center will provide significant educational opportunities for our students.

The Marlborough School Board was the recipient of the first Teacher Corps proposal in the State of New Hampshire 1976-1977. The Teacher Corps has given the Town of Marlborough a great deal in the way of financial assistance and human resources. The greatest impact of the program is yet to be experienced. This will manifest itself over the next several years in the skills acquired by the teachers through staff development programs provided by the project. In turn, the teachers of Marlborough will use these skills to benefit children in the present as well as in the future.

The Marlborough School District is in its second year as a Right to Read Development Center in the State of New Hampshire. During the last two years the Right to Read program under the direction of Susan Nugent, Director, was responsible for conducting a thorough needs assessment in reading, grades 1-12. The assessment pinpointed the priorities in reading for the school district. A plan of action was then established aimed at addressing the priority areas.

Thirty-three Marlborough High School students are currently attending the Cheshire Vocational Center which opened in September, 1976. The Cheshire Vocational Center is the first of the twenty centers in New Hampshire. The program is providing the youngsters a host of educational opportunities in the area of vocational training which would not be available otherwise.

# REPORT OF PRINCIPAL

1976-1977

## ENROLLMENT

Examination of the following chart reveals that a significant decrease in the elementary school, and a smaller decrease in the junior high school, was not offset by the increase in the senior high enrollment.

Two main factors were responsible for the elementary decrease. First, we had ten less students entering Readiness and First Grade. Second, we had ten families, involving seventeen students, move during the year.

	September 1975	Change	September 1976
Grade 12	25	+9	34
Grade 11	36	-4	32
Grade 10	33	+5	38
Grade 9	36	+5	41
Senior High Totals	130	+15	145
Grade 8	41	-11	30
Grade 7	30	+4	34
Junior High Totals	71	-7	64
Grade 6	33	-15	18
Grade 5	16	+14	30
Grade 4	32	-8	24
Grade 3	27	-6	21
Grade 2	24	-2	22
Grade 1	39	-17	22
Readiness	11	+7	18
Elementary Totals	182	-27	155
GRAND TOTAL	383	-19	364

## THE GRADUATES

Thirteen of the twenty-four graduates went on to further education. Ten entered four-year colleges and three went to two-year technical schools. Four graduates entered the armed services and five entered the work force upon graduation. Two members became housewives.

## **SCHOOL STAFF - GRADES 1-12**

Two staff members assumed new roles under the Teacher Corps Program. Miss Linda Woodward became Team Leader and was replaced by Mr. James Roy as Science teacher. Mrs. Carol McKinney became the Readiness teacher, replacing Mrs. Esther LaChance who became Community Coordinator. Two new positions were filled by Mr. Michael Brennick as Administrative Assistant and Miss Diane Garriepy as secretary-librarian.

Mrs. Marcia Leslie returned as Grade Six teacher, after a year's leave of absence, replacing Mr. Davis Morris. Miss Linda Lamarre replaced Mrs. Robyn Manley as English teacher.

Mrs. Margaret Freeman replaced Mrs. Margaret Ford as school nurse, and Mrs. Henriette Olmstead replaced Miss Zoe Wakefield as teacher aide.

## **PROGRAM AND CURRICULUM**

Through an oversight on my part, note was not made relative to the formation of two new musical groups last year. They were the Elementary Band and the High School Choral Ensemble. This year another group was formed, the Junior High Chorus.

The English Elective program was continued with six new quarter-year courses being offered. The General Math curriculum was reorganized on a quarter-year course basis.

Two courses, Western Civilization and Non European History, were reintroduced in the Social Studies curriculum on a rotating basis.

Our curriculum has been expanded by our participation in the Cheshire Vocational Center. We have nineteen seniors and six juniors (17 boys, 8 girls) enrolled in the following courses: Building Trades, Business Data Processing, Careers in Health, Child Care, Clerical Office Procedures, Food Service, Power and Energy, Secretarial Office Procedures, and Small Engines.

**MINUTES OF THE ANNUAL SCHOOL DISTRICT MEETING  
OF THE MARLBOROUGH SCHOOL DISTRICT  
HELD ON MARCH 15, 1976**

Meeting called to order at 3:00 P.M., March 15, 1976 by Moderator Frank E. Knight and warrant read. The moderator declared the meeting open under Article 1 calling for the election of a Moderator, a Clerk and an Auditor for the ensuing year, a member of the school board for the ensuing three years and a Treasurer for the year beginning July 1, 1976, under the non-partisan ballot system.

The meeting was further called to order at 7:30 P.M. by the moderator to act upon the following subjects. The moderator declared the meeting open for action on Articles 2 through 8 inclusive.

**Article 2.** Voted favorably on the motion of Manfredo Torelli that the reports of agents, auditors, committees or officers chosen be accepted as printed in the annual town report and placed on file.

**Article 3.** Voted favorably on the motion of Richard W. Butler that we refer this article to Article 1.

**Article 4.** Voted favorably on the motion of Alphonse A. Despres that the district vote to authorize the school board to make application for, and to accept and use in the name of the District, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, or any department or agency thereof, or any federal, state, or private agency.

**Article 5.** A motion was introduced and supported by Manfredo Torelli that the district authorize the Marlborough School Board to add a part-time custodial/maintenance staff person, and to raise and appropriate the sum of \$4,500.00 for support of this function.

After a lengthy discussion, a motion was introduced by Patricia Robinson and supported that we proceed with the question. The motion carried on a voice vote.

The original motion was then approved on a voice vote.

**Article 6.** Voted favorably on the motion of Richard W. Butler that the district vote to raise and appropriate the sum of \$491,950.00 for the support of schools, for the salaries of school district officers and agents, and for payment of statutory obligations of the District.

**Article 7.** Voted favorably on the motion of Alphonse A. Despres that the district authorize the school board to adjust existing pupil transportation routes based on safety rather than on specific mileage.

**Article 8.** Francis Parker of Chesham was introduced and offered the District a check in the amount of \$1,727.10, being the funds of the now disbanded Chesham Sportsmens Club, the District to hold the sum in trust subject to the following provisions.

- a. The income to be used to provide a scholarship for a student from Marlborough or Harrisville for further education in the field of agriculture or forestry.
- b. The recipient to be chosen by a member of the Marlborough School Board, a member of the Harrisville School Board and the Superintendent of Schools
- c. Any income not used in any year is to be added to the principal of the fund and the first scholarship is to be awarded in 1977.

Voted favorably on the motion of Alphonse A. Despres that we accept this fund from Mr. Parker and the Chesham Sportsmens Club.

Remarks were made by Manfredo Torelli complimenting the school lunch personnel, custodial staff, drivers, nurse and student aids for their dedicated service.

Richard W. Butler called for an expression of sentiment regarding a period of prayer during the school day. A show of hands indicated overwhelming approval of voluntary prayer or meditation during school hours.

Richard W. Butler congratulated the basket ball team and the coach for winning the Class S title at the state tournament and they were accorded a hearty round of applause.

No further business appearing under this article, and the polls having been closed at 9:00 P.M., the meeting returned to Article 1.

The ballots were examined and counted and the votes for the various candidates were tallied and counted by the moderator, in the presence of the district clerk and other election officials. When the counting was completed, the results of the balloting were declared and publicly announced by the moderator as follows:

Total number of votes cast	68
<b>For Moderator</b>	
Elmer Grover, Jr. received	56 Elected

**MINUTES OF THE SPECIAL SCHOOL DISTRICT MEETING  
OF THE MARLBOROUGH SCHOOL DISTRICT  
HELD ON JUNE 21, 1976**

Meeting called to order at 7:10 P.M., June 21, 1976 by Moderator Elmer Grover, Jr. The moderator read the decree from John W. King presiding justice of the Superior Court of Cheshire County authorizing this special meeting and the warrant for the meeting, and declared the meeting open under article 1.

**Article 1.** Voted favorably on the motion of Alphonse A. Despres which was supported, that the district accept the provisions of Public Law 89-329, Title V, as amended, designed to improve on-site in service training of existing staff members at the elementary and secondary school level up to the sum of \$100,000 and to appropriate such funds as may be made available to the District under such federal act, as amended, for such particular projects as may be authorized by the School Board and further to authorize the School Board to make application for such funds and to expend the same for such projects as may be designated. The favorable vote was unanimous.

Voted favorably on the motion of Richard E. Butler that the meeting be adjourned. The meeting was adjourned at 7:22 P.M.
